PROJECTS

[Personal Portfolio ↗](#)

Sep 2024

This is my Personal Portfolio which is a curated collection of work that showcases my skills, experiences, and achievements in a particular area. It can serve various purposes depending on my field and goals.

[Food-recipe-generator ↗](#)

Oct 2022 - Jan 2023

Creating a food recipe generator is a fun and useful project that can help users discover new meals based on their preferences, available ingredients, or dietary restrictions. The food recipe generator will allow users to input ingredients they have on hand or specific dietary needs, and it will generate recipes that match those criteria. The goal is to provide personalized meal ideas quickly and easily.
